DURATREAD™ **FIBERGLASS STAIR TREAD COVERS**

- **Slip Resistant**
- **Durable**
- **Impact Resistant**
- **Low in Maintenance**
- **Easy to Cut/Install**
- **Corrosion Resistant**
- **Lightweight**
- **Nonconductive**

DURATREAD™ molded fiberglass stair tread covers provide an easy, cost-effective way to increase the safety of stairways. The covers are intended for installation over concrete, metal or wood steps and for over fiberglass stair treads.

DURATREAD™ stair tread covers are ideal for use in any area where frequent use or exposure to slippery environments increases the risk of accidents. The ADA compliant covers feature a durable gritted surface and a highly visible nosing to ensure years of safe, maintenance-free service. DURATREAD™ covers also improve the appearance of warped, chipped, and rotten steps and are perfect for use in commercial building applications where it is important to maintain an attractive appearance.

Typical applications include:

- Food Processing Facilities
- Chemical Processing Plants
- Water/Wastewater Treatment Facilities
- Amusement/Water Parks
- Hotels/Motels
- Outdoor Stairways
- Outdoor Sports Facilities
- Restaurants
